AUTOMATION

The more organized you are, the easier it is to get the job done right. Starting with a complete tool audit conducted by a Snap-on® Solutioneer, we'll help you determine the level of tool control you may need and design a specialized tool set with your specific applications in mind.

Tool Storage

Selected and organized for your crew's distinct need for speed.

Proper organization allows your team to find what they are looking for, while keeping tools safe. Snap-on can provide a complete tool audit to help you determine the best tool storage product to meet your needs. We even offer mobile solutions – allowing you to take your tools where you need them.

FEATURES AND BENEFITS

Organization

Tons of options for organizing tools: bags, shadow boards, foam inserts for portable cases, custom foam layouts for tool box drawers, and more. When you're highly organized, you're highly productive.

Tool Management

Whether you require simple visual management, or a program to meet FOD and FME requirements, we can tailor a management program for virtually any need.

Sourcing and Integration

Need a tool that requires additional sourcing beyond our standard offerings? No problem. We can do the sourcing for you, and integrate the components into your kit.

Tool Identification

At Snap-on, we have in-house laser tool engraving capabilities to match your identification system – whether you're looking for etching for a specific kit, or serially marked tools.

On-site Tool Management

Sometimes you need someone to actually go on-site, check inventories, manage updates, and handle replacements. Snap-on is ready to assist you with all your tool needs.
